of buildings, set either in brick-work or portables in double sheet-iron casings.

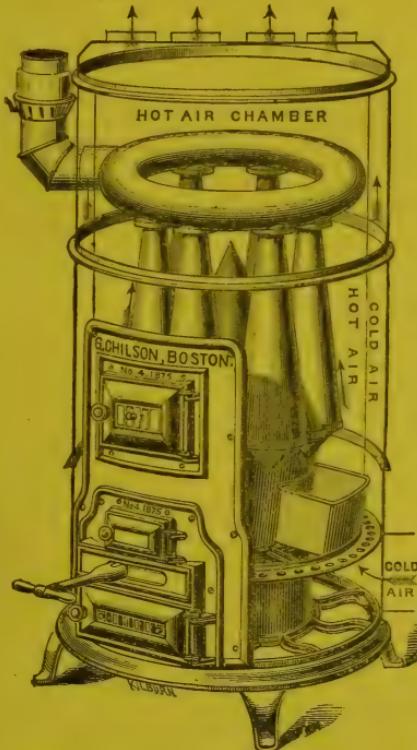

This superb furnace will show the greatest improvements yet made in wrought or plate-iron furnaces, including CHILSON's Anti-Clinker Grate, decidedly the best plan ever seen for removing clinkers and keeping a continuous fire, ensures a large saving in fuel, and simplifies and lessens the work of attending the furnace. It has my Sifting Grate, which moves on rollers and dumps. It will show at a glance the most beautiful mechanical style and superior workmanship ever seen in a wrought-iron furnace. The wrought iron I have made to order of the best quality of stock. They are warranted gas-tight. Forty years of thorough practical and mechanical experience in the invention and manufacturing of furnaces in their various forms of wrought and cast iron, enables me to know how a furnace should be made to accomplish the best results, give the purchaser perfect satisfaction, and save the money which is frequently worse than thrown away on furnaces got up by those having no mechanical skill or practical knowledge of the business. Sizes suited to all classes

**THE ARLINGTON,**  
MY ENTIRELY NEW  
AND  
GREATLY IMPROVED  
**Portable Range**  
**1875.**

No housekeeper in want of a Portable Range should fail to see this splendid range. It has all the modern improvements suited to a strictly first-class range.

# CHILSON'S STANDARD CONE FURNACE

Special attention is directed to the important improvements made in 1875 in my well-known STANDARD CONE FURNACE, including my ANTI-CLINKER GRATE, the most important improvement ever made for removing clinkers and keeping a CONTINUOUS FIRE, also ensuring a large SAVING IN FUEL. It also simplifies and lessens the work of attending the furnace. This celebrated furnace has had no rival since its first introduction, and with the improvement of 1875 it will be more appreciated than ever before. From the day this furnace was introduced into the market the demand for it has been constantly increasing, until there were about thirty thousand in use before the improvements of 1875 were made. Sizes adapted to all classes of buildings.

This furnace has received two GOLD and several SILVER MEDALS, first premiums, and the only Gold Medal ever awarded to any furnace in Massachusetts. Set either in brick-work or portables in double sheet-iron casings.

With this full line of wrought and cast-iron furnaces, I am enabled to

offer inducements to purchasers of furnaces which cannot fail to give perfect satisfaction both as to quality and price.

Also, my ARLINGTON BRICK SET COOKING RANGE, with all the new and best improvements; this is the most substantial and splendid range ever seen in any kitchen.

**Also, COOKING AND PARLOR STOVES, GRATES, etc., etc.**  
**Special attention given to putting up Furnaces and Ranges in**  
**any part of the country.**

**NOTHING BUT WHAT IS STRICTLY FIRST-CLASS WORK**  
**IS MANUFACTURED BY ME.**

## INTRODUCTORY.

---

THIS is the TWENTY-FIFTH number of the Cambridge Directory, and from a small volume of 112 pages, besides advertisements, published in 1848, it has steadily increased each year, until now we present our patrons with a large octavo volume of more than 500 pages, containing over 16,000 names; also a Business Directory, list of Societies, Municipal Officers, and all information desired by citizens or strangers in such a work as this.

We have noted from our last year's Directory 4661 removals, alterations, etc., erased 4,701 names, and have added 4,841 new names. The number in this year's Directory being 16,450 names. This shows (without the Business Directory changes), 9,362 instances where last year's Directory will mislead persons who may refer thereto, besides many changes in societies, corporations, etc. This shows that but a little more than one-third of last year's Directory is now of any value.

The amount of labor annually bestowed upon the preparation of this work cannot be appreciated by the uninitiated; some idea, however, may be obtained of it from the fact that no person's name is inserted unless reprocured by our agents every year. The canvass is commenced the 1st of October, and a large force of canvassers, compilers, proofreaders, printers, etc., constantly employed upon it until Jan. 1st, the time for publication; and it is only with a system established by an experience of twenty years that we are enabled to present it in so short a time and in such a satisfactory manner to the public.

IS REMOVED TO

600 MAIN STREET, 600

(Opp. Hyde's Block.)

CAMBRIDGEPORT.

E take this opportunity to call attention to the fact, that in view of our increasing trade and the utter inability to accommodate our numerous patrons at the old stand, we now occupy the commodious quarters, No. 600 MAIN STREET, (adjoining the Prospect House,) where we have added to our already large and varied assortment of Printing Material a number of handsome and useful founts of Type, Ornaments, Borders, etc., which are admirably adapted to every variety of Commercial Printing, and which we know cannot fail to please.

We respectfully solicit that our office may be remembered by all who require printing of any kind executed in the best manner, at the most reasonable prices, and with the utmost despatch.

HERBERT E. LOMBARD,

CARL H. HEINTZEMAN.

### INSTRUCTION TO KEY HOLDERS.

Alarms are to be given from the box nearest the location of the fire.

To give an alarm, open the door, pull the hook to the bottom, of the slot once, and let go.

Each box contains a small bell which, if heard before you pull, indicates that the alarm has been previously given. Any person listening at a box will learn the number of the box from which the alarm was given. For instance: if an alarm proceeds from box 36, the bells and gongs attached will strike three, then after a short pause six consecutive blows, thus: III—IIIIII.

Don't give an alarm for a fire seen at a distance, unless assistance is called for.

Citizens are earnestly requested to inform themselves where keys to the signal boxes are kept; signs, suitably inscribed, being placed over each box, giving the requisite information.

P. H. RAYMOND,  
Chief Engineer Cambridge Fire Dept.

# Dr. E. D. SPEAR,

SO MUCH CELEBRATED FOR HIS  
REMARKABLE CURES.

Office, 897 Washington Street, BOSTON.

The testimony of many persons who seemed fit tenants for the grave, and who now, happily, enjoy the best of health, is proof sufficient of the great efficacy of the treatment of Dr. E. D. SPEAR. Success has attended the efforts of Dr. SPEAR in a wonderful degree. "Consumption's ghastly form" has brought terror to many a stout heart, and defied the skill of many an excellent physician. That Dr. SPEAR has restored to perfect health many suffering from this obstinate disease, is an undoubted fact, and the sceptical should be convinced by investigation.

*—Watchman and Reflector.*

A SKILLFUL PHYSICIAN.—We shall perhaps convey no fresh information to the reader when we state that Dr. E. D. SPEAR, 713 Washington street, is one of the most skillful physicians in our city. He has been in active practice for many years, and this includes every variety of disease. He has been particularly successful where other physicians have seemed to fail. All who desire to procure the services of a physician who can be relied upon, should call upon Dr. SPEAR. *From the Congregationalist.*

WELLFLEET, May 5, 1874.

DR. E. D. SPEAR—*Dear Sir:* It is with pleasure I acknowledge the great benefit I have received from the use of your medicine. In December, 1861, I was attacked with bleeding from the lungs. In June, 1862, I had another, and a much more severe attack. I well remember the time I got my sister to write to Dr. SPEAR for his medicine. My bleeding was not any common case, I assure you. After giving the medicine a fair trial it entirely cured me. From that time to this I

have had no bleeding. My health is good. I can work as long as the best of men. My weight is one hundred and fifty, the same as before my sickness. I know of no reason why I am not good for thirty years, for I have outlived a large number that thought I would die fourteen years ago.

JOHN G. HIGGINS.

KEENE, N. H., Dec. 8, 1873.

DR. SPEAR. I am very much better. My lungs felt filled up, but now feel free and easy. My appetite is good; I have gained ten pounds. I have been very punctual in taking the medicine. I think I should have been in my grave but for you. My prayers shall go up to God that he shall bless you and yours.

Respectfully,

MRS. MIRA A. BAKER.

SAND LAKE, N. Y., March 2, '74.

DR. SPEAR.—*Dear Sir:* Last August you sent me a box of medicine for my son, for bleeding at the lungs. In six weeks he appeared like a new man. He said he would need no more medicine, for since the first of September until the 20th of February he had not spit any blood. Two weeks ago he took cold, and has raised some blood. Please send, as soon as possible, a box of medicine, and he will pay on delivery.

ORLANDO HORTON.

EAST LYME, Conn., Nov. 5, '73.

DR. SPEAR.—*Dear Sir:* I am thankful that God has given you skill to relieve the afflicted. I am happy in the thought that I can do anything towards publishing your name to the world. To God be all the glory.

Yours truly,

NANCY MANWARREN.

DR. SPEAR will also refer to James T. Croft, 97 Beverly street, cured of consumption.

John Ward, 787 Sixth street, cured of consumption.

Charles O. Doe, 689 Seventh street, cured of bleeding from the lungs.

Rev. E. H. McKenney, Lynn, cured of consumption.

Mrs. Erving, 35 Appleton street, Boston.

Mr. Wm. B. Trask, Pond street, ward 16.

Mr. Russell Carruth, 18 East Canton street, and many others, who have been cured of various diseases which had baffled the skill of other physicians.

**DR. SPEAR may be consulted upon ALL Diseases, FREE OF CHARGE.**

# CODMAN & SHURTLEFF,

13 and 15 Tremont Street, BOSTON,

MANUFACTURERS AND IMPORTERS OF

# SURGICAL and DENTAL INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:—

## TRUSSES.

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the naval, the measure should be around the body at the naval. **N. B.**—Ladies attended by those of their own sex.

## ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity, the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

*Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, Etc. Also, Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricals and Conversation Tubes for the Deaf.*

Together with many articles for the use of the SICK and INVALIDS. Also, the largest and best assortment of

## Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:—

"1503. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

'The Committee have no hesitation in awarding for this superb exhibition the highest premium. \* \* \* The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.  
GOLD MEDAL. (Signed,) GILMAN KIMBALL, M. D., Chairman."
